

**Market Squid Fishery Management Plan
Table of Contents**

Acknowledgments	xi
Chapter 1. Introduction	1
1.1 Purpose and Need for Action.....	1
1.1.1 Problem Statement	1
1.1.2 Location and General Characteristics of the Project Area.....	2
1.1.3 The Marine Life Management Act.....	2
1.1.4 Specific Goals and Objectives of the Market Squid Fishery Management Plan	
.....	4
1.1.5 Constituent Involvement.....	4
1.1.6 Summary of Goals and Objectives.....	5
1.2 The Structure of the Market Squid Fishery Management Process under the Marine Life Management Act.....	5
1.2.1 Process of Plan Review	6
1.2.2 Types of Framework Actions.....	6
1.2.2.1 FMP Amendment.....	7
1.2.2.2 Full Rulemaking Actions	7
1.2.2.3 Notice Actions	8
1.2.2.4 Prescribed Actions.....	8
1.2.2.5 Review of Management Measures	8

1.3 Authority and Responsibility.....	9
1.3.1 California Environmental Quality Act (CEQA).....	10
1.3.1.1 Functional Equivalent	11
1.3.1.2 MSFMP Environmental Document	11
1.3.1.3 Federal Law	12
1.4 Current State Management of Market Squid.....	12
1.4.1 Legislative Responsibilities.....	12
1.4.2 Department of Fish and Game Responsibilities.....	13
1.4.3 Commercial Fisheries	13
1.4.4 Rulemaking Process under the Administrative Procedures Act.....	13
Chapter 2. Background: A Description of the Species, the Fishery, and Social and Economic Components of the Market Squid Fishery.....	14
2.1 Species Description.....	14
2.1.1 Distribution, Stock Biomass, Genetic Stock Structure and Migration	14
2.1.2 Age and Growth.....	15
2.1.3 Reproduction, Seasonality and Fecundity.....	18
2.1.4 Natural Mortality.....	18
2.1.5 Disease	19
2.1.6 Predator/Prey Relationships.....	19
2.1.7 Competition	20
2.1.8 Critical Habitat	20
2.1.9 Status of the Stocks	21
2.1.10 Areas Involved	22

2.2 History of Exploitation.....	22
2.2.1 Description of User Groups	24
2.2.1.1 Commercial Fishery.....	24
2.2.1.2 Recreational Fishery.....	28
2.2.2 Fishing Effort	29
2.2.2.1 Commercial Fishing Effort.....	29
2.2.2.2 Recreational Fishing Effort.....	32
2.2.3 Fishery Impacts	32
2.3 Social and Economic Characteristics of the Market Squid Fishery	34
2.3.1 Demographic and Social Communities Associated with the Market Squid Fishery.....	39
2.3.1.1 Monterey Fishery.....	41
2.3.1.1.1 Monterey County	41
2.3.1.1.2 Monterey Area Squid Fishery.....	41
2.3.1.2 Ventura and Port Hueneme Squid Fishery.....	42
2.3.1.2.1 Santa Barbara County.....	42
2.3.1.2.2 Ventura County	42
2.3.1.2.3 Ventura/ Port Hueneme Fleet	42
2.3.1.3 San Pedro/ Terminal Island Squid Fishery Fleet	43
2.3.1.3.1 Los Angeles County	43
2.3.1.3.2 Community Profile - San Pedro.....	43
2.3.1.3.3 San Pedro.....	44
2.3.1.4 Summary of the Three Squid Fishery Areas	44

2.4 History of Conservation and Management Measures.....	45
2.4.1 State Management.....	45
2.4.2 Federal Management: Coast Pelagic Species Fishery Management Plan (CPS FMP).....	48
Chapter 3. Management Measures for a Sustainable Market Squid Fishery	49
3.1 Proposed Project Objectives.....	49
3.1.1 Fishery Control Rule	50
3.1.2 Harvest Replenishment Areas	50
3.1.3 Restricted Access	50
3.1.4 Other Ecological Concerns.....	50
3.1.5 Proposed Project	51
3.1.6 No Project Alternatives.....	54
3.1.7 Other Alternatives Considered.....	57
3.2 Fishery Control Rules.....	61
3.2.1 Definition of Maximum Sustainable Yield and Optimum Yield	61
3.2.2 Proxy for MSY and Precautionary OY.....	62
3.2.3 Option A. Establish a Seasonal Catch Limitation.....	62
3.2.3.1 MSY Based on Historical Landings	62
3.2.3.2 Options for Establishing a Seasonal Catch Limitation	64
3.2.3.3 Analysis of Option A	64
3.2.3.4 Department Preferred Option	67
3.2.4 Option B. Egg Escapement Method to Monitor Squid Fishery.....	67
3.2.4.1 Background	67

3.2.4.1.1 Overfishing Definition Based on Egg Escapement.....	68
3.2.4.2 Options for Monitoring the Fishery using an Egg Escapement Method ..	69
3.2.4.3 Analysis of Option B	69
3.2.4.4 Department Preferred Option	70
3.2.5 Option C. Daily Trip Limit for Vessels Landings Squid.....	70
3.2.5.1 Background.....	70
3.2.5.2 Options for Establishing a Daily Trip Limit.....	73
3.2.5.3 Analysis of Option C	73
3.2.5.4 Department Preferred Option	75
3.2.6 Option D. Weekend Closure for Commercial Market Squid Fishery	75
3.2.6.1 Background.....	75
3.2.6.2 Options for Weekend Closure	76
3.2.6.3 Analysis of Option D	76
3.2.6.4 Department Preferred Option	77
3.2.7 Option E. Monitoring Programs	77
3.2.7.1 Background.....	77
3.2.7.1.1 Market Squid Port Sampling Program	77
3.2.7.1.2 Market Squid Logbook Program.....	78
3.2.7.2 Options for Monitoring Program	79
3.2.7.3 Analysis of Option E	79
3.2.7.4 Department Preferred Option	80
3.2.8 Option F. Live Bait Fishery and Incidental Catch of Market Squid	80
3.2.8.1 Background	80

3.2.8.2 Options for Live Bait Fishery and Incidental Catch of Market Squid	82
3.2.8.3 Analysis of Option F.....	82
3.2.8.4 Department Preferred Option	82
3.3 Harvest Replenishment Areas	82
3.3.1 Option G. Squid Harvest Replenishment Areas.....	82
3.3.1.1 Background.....	83
3.3.1.2 Harvest Replenishment Area Options.....	83
3.3.1.3 Analysis of Option G.....	83
3.3.1.4 Department Preferred Option	85
3.4 Restricted Access - Limited Entry Program	85
3.4.1 Background	85
3.4.2 Summary of Commission Policy and Guidelines	85
3.4.3 Option H. Capacity Goal.....	88
3.4.3.1 Background	88
3.4.3.1.1 Market squid vessel capacity goal options.....	90
3.4.3.1.2 Market squid light boat capacity goal options.....	90
3.4.3.1.3 Market squid brail permit capacity goal options.....	90
3.4.3.2 Options for Market Squid Fleet Capacity Goal	91
3.4.3.3 Analysis of Option H	92
3.4.3.4 Department Preferred Option	93
3.4.4 Option I. Initial Issuance of Market Squid Fleet Permits.....	93
3.4.4.1 Background	93
3.4.4.2 Options for Initial Issuance of Market Squid Fleet Permits.....	96

3.4.4.3 Analysis of Option I.....	100
3.4.4.4 Department Preferred Option	102
3.4.5 Option J. Permit Fees	103
3.4.5.1 Background.....	103
3.4.5.2 Permit Fee Options.....	104
3.4.5.3 Analysis of Option J.....	104
3.4.5.4 Department Preferred Option	104
3.4.6 Options K, L and M. Transferability of Market Squid Permits	105
3.4.6.1 Background.....	105
3.4.6.2 Market Squid Vessel Permit Transfer Options	105
3.4.6.3 Analysis of Option K	106
3.4.6.4 Department Preferred Option	107
3.4.6.5 Market Squid Brail Permit Transfer Options.....	107
3.4.6.6 Analysis of Option L.....	107
3.4.6.7 Department Preferred Option	108
3.4.6.8 Market Squid Light Boat Permit Transfer Options	108
3.4.6.9 Analysis of Option M.....	109
3.4.6.10 Department Preferred Option	109
3.4.7 Option N. Transferability Fee Options.....	109
3.4.7.1 Background.....	109
3.4.7.2 Permit Fee Options.....	110
3.4.7.3 Analysis of Option N	110
3.4.7.4 Department Preferred Option	110

3.5 Other Ecological Concerns.....	110
3.5.1 Option O. Lighting Gear Restrictions	110
3.5.1.1 Background.....	110
3.5.1.2 Gear Restriction Options.....	111
3.5.1.3 Analysis of Option O	112
3.5.1.4 Department Preferred Option.....	113
3.5.2 Option P. Area and Time Closures to Address Seabird Issue.....	113
3.5.2.1 Background.....	113
3.5.2.1.1 Brown Pelican Productivity, La Niña and the Market Squid Fishery	120
3.5.2.2 Area and Time Closures to Address Seabird Issue Options	121
3.5.2.3 Analysis of Option P	122
3.5.2.4 Department Preferred Option	126
3.5.3 Option Q. Advisory Committee for Squid Fishery	126
3.5.3.1 Background	126
3.5.3.2 Advisory Committee Options.....	127
3.5.3.3 Analysis of Option Q	127
3.5.3.4 Department Preferred Option	127
3.6 General Fishery Management Plan Framework.....	127
3.6.1 Framework Actions	128
3.6.1.1Plan Amendment.....	128
3.6.1.2 Full Rulemaking Actions	129
3.6.1.3 Notice Actions	129

3.6.1.4 Prescribed Actions.....	130
3.6.2 Routine Management Measures.....	130
3.6.3 Market Squid FMP Framework	130
3.6.4 Points of Concern Process	131
3.6.5 Social or Economic Process	132
3.6.6 Trigger Mechanisms.....	133
3.6.7 Management Alternatives.....	134
Chapter 4. Research to Support the Market Squid Fishery Management Plan.....	135
4.1 Grouping Essential Fishery Information.....	136
4.1.1 Age and Growth Characteristics	136
4.1.2 Distribution of Stocks	136
4.1.3 Ecological Interactions	136
4.1.4 Estimates of Abundance	137
4.1.5 Movement Patterns.....	137
4.1.6 Recruitment.....	137
4.1.7 Reproductive Characteristics.....	137
4.1.8 Total Mortality	138
4.1.9 Market Squid Social and Economic Factors.....	138
4.1.9.1 Employment	138
4.1.9.2 Expenditures	138
4.1.9.3 Market Demand.....	139
4.1.9.4 Revenue.....	139
4.2 Past and Ongoing Monitoring of the Commercial Fishery	140

4.2.1 Sustainable Fishery Control Rules.....	140
4.2.2 Fishery-dependent Monitoring	140
4.2.2.1 Past Fishery-dependent Monitoring.....	140
4.2.2.2 Problems with Past and Ongoing Fishery-dependent Monitoring.....	141
4.2.3 Fishery-independent Research.....	141
4.2.3.1 Past Fishery-independent Research.....	141
4.2.3.2 Problems with Past and Ongoing Fishery-independent Research.....	141
4.3 Current Knowledge of Essential Fishery Information.....	142
4.3.1 Age and Growth Characteristics	142
4.3.2 Distribution of Stocks	142
4.3.3 Ecological Interactions	142
4.3.4 Estimates of Abundance	142
4.3.5 Movement Patterns.....	142
4.3.6 Recruitment.....	142
4.3.7 Reproductive Characteristics.....	143
4.3.8 Total Mortality	143
4.3.9 Social and Economic.....	143
4.4 Research Needed to Obtain Essential Fishery Information	143
4.4.1 Fishery-dependent Data Research	144
4.4.2 Fishery-independent Data Research	144
4.4.3 Steps to Monitor the Fishery and Obtain Essential Fishery Information.....	145
4.4.4 Social and Economic Dimensions of the Fishery	145
Chapter 5. Implementation and Costs	147

DRAFT MARKET SQUID FISHERY MANAGEMENT PLAN
DATED: 07/07/03

5.1 Enforcement	147
5.2 Ongoing Management and Research.....	148
5.2.1 Fishery-Dependent Monitoring	149
5.2.2 Fishery-Independent Research	150
5.3 Summary of Estimated Annual Costs of Implementation.....	150
Literature Cited.....	152
Personal Communications.....	162
